ANNUAL REPORT

December 31, 2018

IMPORTANT NOTE: Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund or your financial intermediary electronically by calling or sending an email request.

You may elect to receive all future reports in paper free of charge. You can inform the Fund or your financial intermediary that you wish to continue receiving paper copies of your shareholder reports by calling or sending an email request. Your election to receive reports in paper will apply to all funds held with the fund complex/your financial intermediary.

**Mundoval Fund
Annual Report
December 31, 2018**

Dear Shareholders,

For the year ended December 31, 2018, the Mundoval Fund (the "Fund") returned -8.29% versus -8.71% for the MSCI World Index. Since inception on September 3, 2004, the annualized rate of return through December 31, 2018 for the Mundoval Fund was 5.71% versus 6.33% for the MSCI World Index.

Assets under management in the Fund as of December 31, 2018 were \$19.95 million. During the year shares of Bridgestone Corp., Grupo Televisa, Viacom, Inc., Michelin Compagnie and Discovery Communications were sold because the investment adviser believed them to be fairly valued or determined that there were more attractive businesses to be purchased with the proceeds. New security positions for the year included KDDI Corp., Facebook, Inc., Bayer AG, Taiwan Semiconductor Manufacturing, Reckitt-Benckiser Group Plc and Cigna Corp. The geographic diversification of the Fund as of December 31, 2018 was 37.06% international stocks, 59.35% domestic stocks and 3.59% net cash equivalents. As of December 31, 2018, the Fund owned shares of common stock in 35 companies.

During the 4th quarter of 2018, investor sentiment turned negative due to recent trade and tariff tensions between the U.S. and China, four interest rate increases by the Federal Reserve during the year and anxiety about a global economic slowdown. The Dow Jones Industrial Average and S&P 500 Stock Index finished the year with negative rates of return while international stock indices fared even worse for the most part. Despite the tumultuous volatility in the 4th quarter, the Mundoval Fund outperformed the MSCI World Index in 2018, the second time in the past three years.

Positive factors impacting performance of the Fund during the year included the Healthcare Sector, which was the best performing in the S&P 500 Index in 2018. Cigna Corporation completed its acquisition of Express Scripts on December 20, 2018 to integrate two complementary health care service companies. Mundoval Fund shareholders benefitted from the cash and stock transaction. In addition, The Walt Disney Company (Consumer Discretionary Sector) completed its acquisition of 21st Century Fox film and TV studios, Fox's cable networks and its international assets. The Mundoval Fund will benefit from the cash and stock merger transaction in the 1st quarter of 2019.

Negative factors impacting performance of the Fund in 2018 included the Financial Sector as investors focused on expectations for lower interest rates, which impact the spread that banks earn on their deposits and loans. At year end, the Mundoval Fund has a 16.4% allocation to the Financial Sector, of which the largest positions are Bank of America, BNP Paribas, Citigroup and Banco do Brasil. We believe that these banks are selling at attractive prices relative to their earnings and net asset values, and note their tier one capital ratios, which measure their financial health, have increased significantly due to a reduction of their financial leverage and stricter lending standards since the financial crisis.

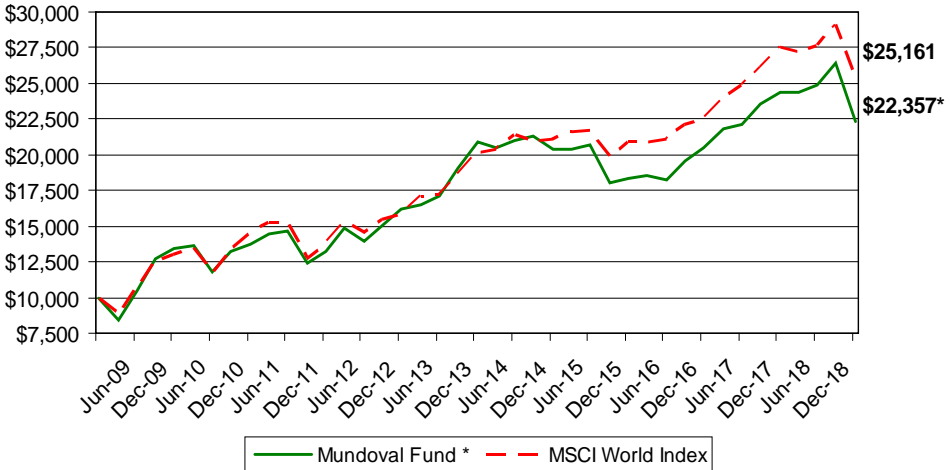

Thank you for your business and continued support.

Sincerely yours,

Arthur Q. Johnson, CFA
Portfolio Manager

Expense Example (Unaudited)

Shareholders of this Fund incur ongoing expenses consisting solely of management fees. Although the Fund charges no sales loads or transaction fees, you will be assessed fees for outgoing wire transfers, returned checks and stop payment orders at prevailing rates charged by Mutual Shareholder Services, LLC, the Fund's transfer agent. IRA accounts will be charged an \$8.00 annual maintenance fee. The following example is intended to help you understand your ongoing costs of investing in the Fund and to compare these costs with similar costs of investing in other mutual funds. The example is based on an investment of \$1,000 invested in the Fund on July 1, 2018 and held through December 31, 2018.

Actual Expenses

The first line of the table below provides information about actual account values and actual expenses. In order to estimate the expenses a shareholder paid during the period covered by this report, shareholders can divide their account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6) and then multiply the result by the number in the first line under the heading entitled "Expenses Paid During the Period."

Hypothetical Example for Comparison Purposes

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses paid by a shareholder for the period. Shareholders may use this information to compare the ongoing costs of investing in this Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in other funds' shareholder reports.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as the charges assessed by Mutual Shareholder Services, LLC as described above. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	Beginning Account Value <u>July 1, 2018</u>	Ending Account Value <u>December 31, 2018</u>	Expenses Paid During the Period* July 1, 2018 to <u>December 31, 2018</u>
Actual	\$1,000.00	\$897.24	\$7.17
Hypothetical (5% annual return before expenses)	\$1,000.00	\$1,017.64	\$7.63

- * Expenses are equal to the Fund's annualized expense ratio of 1.50%, multiplied by the average account value over the period, multiplied by 184/365 (to reflect the one-half year period ended December 31, 2018).

Availability of Quarterly Schedule of Investments (Unaudited)

The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. The Fund's Forms N-Q are available on the SEC's Web site at <http://www.sec.gov>. The Fund's Forms N-Q may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

Proxy Voting Guidelines (Unaudited)

Mundoval Capital Management, Inc., the Fund's Adviser, is responsible for exercising the voting rights associated with the securities held by the Fund. A description of the policies and procedures used by the Adviser in fulfilling this responsibility is available without charge by calling our toll free number (1-800-595-2877) or by visiting the Fund's website at www.mundoval.com. This information is also included in the Fund's Statement of Additional Information, which is available on the Securities and Exchange Commission's website at <http://www.sec.gov>.

Information regarding how the Fund voted proxies, Form N-PX, relating to portfolio securities during the most recent 12-month period ended June 30th is available without charge, upon request, by calling our toll free number (1-800-595-2877). This information is also available on the Securities and Exchange Commission's website at <http://www.sec.gov>.

NOTES TO FINANCIAL STATEMENTS

MUNDOVAL FUND

December 31, 2018

1.) ORGANIZATION

The Mundoval Fund (the "Fund") is a diversified series of the Mundoval Funds (the "Trust"), an open-end management investment company. The Trust was organized in Ohio as a business trust on March 24, 2004 and may offer shares of beneficial interest in a number of separate series, each series representing a distinct fund with its own investment objectives and policies. The Fund commenced operations on September 3, 2004. The Fund's investment objective is long-term capital appreciation.

2.) SIGNIFICANT ACCOUNTING POLICIES

The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946 *Financial Services - Investment Companies*. The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The Fund follows the significant accounting policies described in this section.

SECURITY VALUATION: All investments in securities are recorded at their estimated fair value, as described in Note 3.

SHARE VALUATION: The net asset value (the "NAV") is generally calculated as of the close of trading on the New York Stock Exchange (the "Exchange") (normally 4:00 p.m. Eastern time) every day the Exchange is open. The NAV is calculated by taking the total value of the Fund's assets, subtracting its liabilities, and then dividing by the total number of shares outstanding, rounded to the nearest cent. The offering price and redemption price per share are equal to the net asset value per share.

FEDERAL INCOME TAXES: The Fund's policy is to continue to comply with the requirements of the Internal Revenue Code that are applicable to regulated investment companies and to distribute all of its taxable income to shareholders. Therefore, no federal income tax provision is required. It is the Fund's policy to distribute annually, prior to the end of the calendar year, dividends sufficient to satisfy excise tax requirements of the Internal Revenue Code. This Internal Revenue Code requirement may cause an excess of distributions over the book year-end accumulated income. In addition, it is the Fund's policy to distribute annually, after the end of the fiscal year, any remaining net investment income and net realized capital gains.

The Fund recognizes the tax benefits of certain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has analyzed the Fund's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years. The Fund identifies its major tax jurisdictions as U.S. Federal and California tax authorities; however the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. During the fiscal year ended December 31, 2018, the Fund did not incur any interest or penalties.

DISTRIBUTIONS TO SHAREHOLDERS: Distributions to shareholders, which are determined in accordance with income tax regulations, are recorded on the ex-dividend date. The treatment for financial reporting purposes of distributions made to shareholders during the year from net investment income or net realized capital gains may differ from their ultimate treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expenses or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, they are reclassified in the components of the net assets based on their ultimate characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or net asset values per share of the Fund.

USE OF ESTIMATES: The financial statements are prepared in accordance with GAAP, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial

Notes to Financial Statements - continued

statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

OTHER: The Fund records security transactions based on trade date. Dividend income is recognized on the ex-dividend date. Interest income, if any, is recognized on an accrual basis. The Fund uses the specific identification method in computing gain or loss on sale of investment securities. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and regulations.

3.) SECURITY VALUATIONS

The Fund utilizes various methods to measure the fair value of most of its investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

FAIR VALUE MEASUREMENTS

A description of the valuation techniques applied to the Fund's major categories of assets measured at fair value on a recurring basis follows.

Equity securities (common stocks, including ADRs). Equity securities generally are valued by using market quotations, but may be valued on the basis of prices furnished by a pricing service when the Adviser believes such prices accurately reflect the fair value of such securities. Securities that are traded on any stock exchange or on the NASDAQ over-the-counter market are generally valued by the pricing service at the last quoted sale price. Lacking a last sale price, an equity security is generally valued by the pricing service at its last bid price. Generally, if the security is traded in an active market and is valued at the last sale price, the security is categorized as a level 1 security. When market quotations are not readily available, when the Adviser determines that the market quotation or the price provided by the pricing service does not accurately reflect the current fair value, or when restricted securities are being valued, such securities are valued as determined in good faith by the Adviser, subject to review of the Board of Trustees (the "Trustees" or the "Board") and are categorized in level 2 or level 3, when appropriate.

Money market funds. Money market funds are valued at net asset value and are classified in level 1 of the fair value hierarchy.

In accordance with the Trust's good faith pricing guidelines, the Adviser is required to consider all appropriate factors relevant to the value of securities for which it has determined other pricing sources are not available or reliable as described above. There is no single standard for determining fair value, since fair value depends upon the circumstances of each individual case. As a general principle, the current fair value of an issue of securities being valued by the Adviser would

appear to be the amount which the owner might reasonably expect to receive for them upon their current sale. Methods which are in accordance with this principle may, for example, be based on (i) a multiple of earnings; (ii) a discount from market of a similar freely traded security (including a derivative security or a basket of securities traded on other markets, exchanges or among dealers); or (iii) yield to maturity with respect to debt issues, or a combination of these and other methods.

The following table summarizes the inputs used to value the Fund's assets measured at fair value as of December 31, 2018:

<u>Valuation Inputs of Assets</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common Stocks	\$19,235,147	\$0	\$0	\$19,235,147
Money Market Funds	<u>733,945</u>	<u>0</u>	<u>0</u>	<u>733,945</u>
Total	\$19,969,092	\$0	\$0	\$19,969,092

Refer to the Fund's Schedule of Investments for a listing of securities by industry. The Fund did not hold any Level 3 assets during the fiscal year ended December 31, 2018. There were no transfers into or out of the levels during the fiscal year ended December 31, 2018. It is the Fund's policy to consider transfers into or out of the levels as of the end of the reporting period.

The Fund did not invest in derivative instruments during the fiscal year ended December 31, 2018.

4.) INVESTMENT ADVISORY AGREEMENT

The Trust, on behalf of the Fund has entered into an investment advisory agreement (the "Management Agreement") with Mundoval Capital Management, Inc. (the "Adviser"). Under the terms of the Management Agreement, the Adviser manages the investment portfolio of the Fund, subject to policies adopted by the Trust's Board. Under the Management Agreement, the Adviser, at its own expense and without reimbursement from the Trust, furnishes office space and all necessary office facilities, equipment and executive personnel necessary for managing the assets of the Fund. The Adviser also pays the salaries and fees of all of its officers and employees that serve as officers and trustees of the Trust. The Adviser pays all operating expenses of the Fund with the exception of taxes, brokerage fees and commissions, acquired fund fees and expenses, borrowing costs (such as (a) interest and (b) dividend expenses on securities sold short), and extraordinary expenses. For its services, the Adviser receives an annual investment management fee payable monthly from the Fund of 1.50% of the average daily net assets of the Fund. The Adviser has agreed to waive, without recoupment, a portion of its management fee (the "Fee Waiver") so that the management fee, on an annual basis, does not exceed (i) 1.25% of the Fund's average daily net assets greater than \$25 million and up to and including \$75 million, and (ii) 1.00% of the Fund's average daily net assets greater than \$75 million. The Fee Waiver will automatically terminate on April 30, 2019 unless it is renewed by the Adviser. The Adviser may not terminate the Fee Waiver before April 30, 2019. For the fiscal year ended December 31, 2018, the Adviser earned management fees totaling \$345,580, of which \$25,722 was payable to the Adviser as of December 31, 2018. For the fiscal year ended December 31, 2018, the Adviser waived fees and/or reimbursed expenses in the amount of \$28 with no recapture provision.

Arthur Q. Johnson is the control person of the Adviser and also serves as a trustee/officer of the Trust. This individual receives benefits from the Adviser resulting from management fees paid to the Adviser by the Fund.

5.) RELATED PARTY TRANSACTIONS

The Trustees who are not interested persons of the Fund were paid \$1,500 each, for a total of \$4,500, in Trustees fees by the Adviser for the fiscal year ended December 31, 2018. Under the Management Agreement, the Adviser pays these fees.

6.) INVESTMENTS

For the fiscal year ended December 31, 2018, purchases and sales of investment securities other than U.S. Government obligations and short-term investments aggregated \$1,586,135 and \$2,715,999, respectively. There were no purchases or sales of U.S. Government obligations.

7.) CONTROL OWNERSHIP

The beneficial ownership, either directly or indirectly, of more than 25% of the voting shares of a fund creates a presumption of control of a fund, under Section 2(a)(9) of the Investment Company Act of 1940. As of December 31, 2018, Arthur Q. Johnson and immediate family members, located at 7855 Ivanhoe Ave., Suite 210, La Jolla, California, beneficially held 60.19% of the Fund,

10.) SUBSEQUENT EVENTS

Subsequent events after the date of the Statement of Assets and Liabilities have been evaluated through the date the financial statements were issued. Management has concluded that there is no impact requiring adjustment to or disclosure in the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Trustees of
Mundoval Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Mundoval Fund (the "Fund") as of December 31, 2018, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, including the related notes, and the financial highlights for each of the five years in the period then ended (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2018, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2018, by correspondence with the custodian. Our audits also include evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Fund's auditor since 2004.
